The Art of Drawing
AT BLUEGUM MONTESSORI SCHOOL

Drawing is a basic human skill used by people in all walks of life; an important tool for learning, creativity and enjoyment. It is a creative tool for observation, thought, invention and communication in education, creative and cultural fields across the arts and sciences, and in other areas of work and leisure.

Drawing fundamentals, enriching students by helping them grow more confident in their visual literacy and communication capacity.

Judith Price is a graphic artist and illustrator. She teaches drawing and art to children in schools and workshops. Visit her website to view her work: www.judithpriceartist.com
